504 Accommodation Plan

Student Name: Victoria C. Lehtonen

Effective Date: September 7, 2010

D.O.B.: December 12, 1996

Grade: 008

Teacher/Counselor: Carol Lukas

Meeting Date: April 26, 2011

Parent Name: Karla Lehtonen

Phone: (518) 794-7259

Address: 5 Abode Rd., New Lebanon, NY 12125

I. Describe the nature of the concern:

Victoria is being treated due to her medical diagnosis and effects of Lyme Disease, Babesiosis, and Bartonella. Vicoria's extenstive illness and treatment has prohibit her from attending school. Victoria is medically excused from physical education.

II. The basis for determining this child has a disability is:

Victoria has been diagnosed with Lyme disease and Babesiosis. This condition prevents Victoria from attending school and is currently receiving homebound instruction. Due to extensive treatment she suffers from frequent headaches,nausea, irritable and disordered sleep.

III. Describe how the disability affects a major life activity:

Victoria tires easily. Victoria struggles with lack of stamina, fatigue, and potential side-effects of treatment and medication.

IV. Determination and Accommodations:

The District has reviewed the files of this student and determined that Victoria meets the criterion for qualification as a handicapped individual under Section 504 of the Rehabilitation Act of 1973. In accordance with Section 504 guidelines, the school has agreed to make reasonable accommodations and address this student's individual needs by:

A. Physical Arrangement of the Room

A quiet learning environment with minimal sensory distractions.

B. Lesson Presentation

-Modified and reduced required assignments including homework.

-Directions read to student, reworded, keywords highlighted, modify length, level and/or form of assignments if needed .

-Time limit extended on assignments.

- Entire assignments read and re-read (including directions) if needed.
- Use of supplemental materials to enhance the lesson.
- Use of graphic organizers
- Chunking of auditory and verbal information
- Assignments broken down into multi-steps
- Access and use of computer complete and to email assignments to teachers
- Responds better to multiple choice and short response format for test when appropriate
-Provide instruction in time management to help Victoria break down lengthy tasks into smaller steps and create timelines for these tasks
- Extended time to compensate for processing
-Test question read, repeated, and clarified
- Upon returning to school, Victoria will have the ability to have access to the nurse for rest or snack when needed

C. Assignments/Worksheets

Modified writing assignments in all academic areas. Provide repetition of information, provide the opportunity to focus on small chunks of information at a time. At least every hour, prompt Victoria about the opportunity to take a 15-20 minute break.

D.
